Kyocera Opal S14 Battery Replacement

How to remove and place the battery in the phone cartridge

Written By: Erica

INTRODUCTION

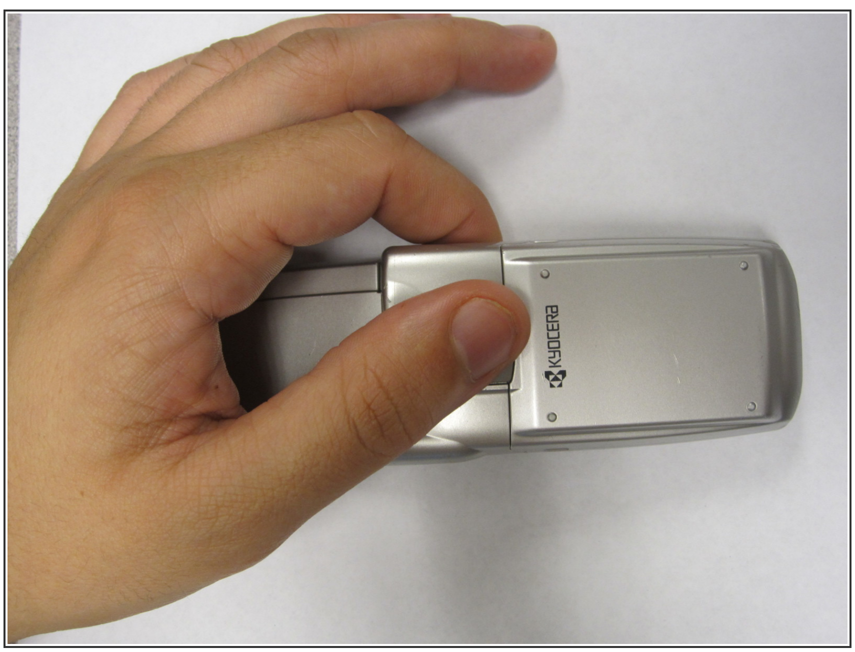

The battery is a lithium ion battery produced by Kyocera. The battery is attached to the backing of the phone.

Step 1 — Battery

- Turn the phone to its back side

Step 2

- Find the grey switch with the three bumps above the Kyocera Logo

Step 3

- Slide the switch down, and the battery will eject from the back of the phone

Step 4

- Battery should remove easily from back of phone.

To reassemble your device, follow these instructions in reverse order.
